

# DO YOU HAVE CML? DO YOU KNOW SOMEONE WHO DOES?

We are looking for people with CML to take part in a focus group as part of a study into the acceptability of web-based video consultations

## WHO CAN TAKE PART?

You need to be

- aged 18 or above
- receiving treatment for CML for a minimum 12 months
- taking a type of medication called a tyrosine kinase inhibitor (TKI) for your CML. For example: imatinib (include Glivec® and Nibix®); nilotinib (Tasgina®); dasatinib (Sprycel®); bosutinib (Bosulif®) and ponatinib (Iclusig®)
- taking the same medication for the last 12 months (dose changes are acceptable)

This study has been approved by the London-London Bridge NHS Research Ethics Committee (REC Ref: 18/LO/1532; IRAS:236595)

Acceptability of web-based video consultations in patients with CML, 18/0256 v1.0 10<sup>th</sup> August 2018

## WHAT WOULD IT INVOLVE?

- The focus group should take no longer than 90 minutes
- We hope to run it November–December 2018
- The discussion will involve asking what your thoughts and opinions are on web-based video consultations
- You will receive a £10 Amazon voucher, expenses for standard travel of up to £50 on production of receipts (location to be confirmed)

## HOW DO I SIGN UP?

If you are interested in participating or want further information, please contact: Ms. Terry Ng, Chief Investigator for the study at [Terry.Ng@ucl.ac.uk](mailto:Terry.Ng@ucl.ac.uk) or on 020 7753 5858. By doing so you are giving consent for her to use any contact details you provide to inform you about the study.
